Chapter 1

1.1 Introduction

The Constitution of India enshrines the principles of democracy by guaranteeing its citizens certain Fundamental Rights. Article 19(1)(a) and Article 21 of the Constitution implicitly guarantee every citizen of India the right to know everything done by public functionaries.

The Central Information Commission (CIC) was established in October, 2005 under the Right to Information Act, 2005 (RTI Act). The RTI Act aims to establish a practical regime of Right to Information for citizens, enabling them to access information held by or under the control of Public Authorities (PAs). The legislative intent behind the RTI Act is to foster transparency and accountability in the functioning of every Public Authority, bridge the gap between information providers and seekers, enhance administrative efficiency, mitigate corruption, and promote good governance.

1.2 Salient Features of the RTI Act

1.2.1 Public Authority

As per **Section 2(h)** of the RTI Act, a 'Public Authority' means any authority or body or institution of self-government established or constituted by or under the Constitution, any other law made by the Parliament, any other law made by the State Legislature and notification issued or order made by the appropriate government. It includes any 'body' owned, controlled or substantially financed and non-government organizations substantially financed directly or indirectly by funds provided by the appropriate government.

1.2.2 Right to Information

As per **Section 2(j)** of the RTI Act, the 'Right to Information' encompasses the right of a citizen to seek any information accessible under this Act, which is held by or under the control of any Public Authority (PA). This includes the right to inspect work, documents, and records, which covers any document, manuscript, file, and electronic records. It also includes the right to take notes, extracts, or certified copies of documents or records, take certified samples of material,

and obtain information stored in the form of diskettes, floppies, tapes, video cassettes, or any electronic mode, or through printouts where such information is stored in a computer or any other device.

1.2.3 Exemption from Disclosure of Information

No right is absolute, and to promote institutional integrity and transparency, **Sections 8, 9, 10, 11, and 24** of the RTI Act outline exemptions and limitations on the disclosure of certain information. Essentially, the RTI Act exempts from disclosure of information that prejudicially affects the sovereignty and integrity of the country, its security, strategic, scientific, or economic interests, commercial confidence, trade secrets, or intellectual property, and information causing a breach of privilege of Parliament or the State Legislature, or information forbidden to be published by any court of law etc. It also includes provisions for protecting individual privacy. Furthermore, certain intelligence and security organizations are exempted from disclosing information, except for information related to allegations of corruption and human rights violations. Additionally, if the competent authority believes that larger public interest warrants disclosure, the information may be provided.

1.2.4 Suo-Motu Disclosure

Section 4 of the RTI Act outlines the obligations of Public Authorities (PAs) regarding mandatory disclosure on various aspects of their structure and functioning. It requires PAs to make suo-motu disclosures in the public interest through various means of communication. This is crucial for broadening and deepening the transparency regime established by the RTI Act. The section also emphasizes the importance of using electronic means for record upkeep, management and dissemination of information to make it easily accessible. Indeed, a robust record management is at the core of a transparency regime.

1.2.5 Three-Tier System under the RTI Act

The RTI Act establishes a three-tier structure for enforcing the right to information:

i. First Tier: Central Assistant Public Information Officer/Central Public Information Officer (CAPIO/CPIO) in a Public Authority.

- Designated under **Section 5** of the RTI Act, the CAPIO/CPIO is responsible for providing information to an RTI applicant as quickly as possible, and in any case within 30 days of receiving the request, as per **Section 7** of the RTI Act unless the information is exempted from disclosure. If the information relates to a third party, or is held by another Public Authority (PA), it should be transferred to the relevant PA within five days of receiving the application, as per **Section 6 (3)** of the RTI Act.

ii. Second Tier: First Appellate Authority (FAA) in a Public Authority.

- If an RTI applicant does not receive the required information within the specified time or is dissatisfied with the decision of the CPIO, the applicant may file a first appeal within thirty days to an officer senior in rank to the CPIO in each PA. Together, the CPIO and the FAA form the frontline of the 'practical regime of information' envisioned in the preamble of the RTI Act.

iii. Third Tier: Central Information Commission (CIC)

- The CIC is the apex appellate authority under the RTI Act, 2005. An information seeker can file a second appeal before the CIC against the order of the FAA if the applicant is not satisfied or does not receive an order from the FAA within the specified time limit, as per **Section 19 (3)** of the RTI Act.

1.2.6 Complaint

A complaint can also be filed before the Central Information Commission under certain circumstances as outlined in **Section 18** of the RTI Act. These circumstances include:

i. The Public Authority (PA) has not appointed a Central Public Information Officer (CPIO).

ii. The CPIO has refused to accept an RTI application.

iii. The CPIO has not provided a response within the specified time limit.

iv. The CPIO has provided incomplete, misleading, or false information.

v. An unreasonable fee has been demanded by the CPIO.

vi. In respect of any other matter relating to requesting or obtaining access to records under this Act.

These provisions ensure that citizens have recourse if their right to information is obstructed.

1.2.7 Powers and Functions of the Central Information Commission

The RTI Act 2005, through its **Sections 18, 19, and 20,** outlines the powers and functions of the Central Information Commission in handling appeals, complaints and penalties respectively.

1.2.8 Preparation of Annual Report

According to **Section 25** of the RTI Act, the Central Information Commission shall prepare an Annual Report at the end of each year detailing the implementation of the Act's provisions during that year. This report is then forwarded to the appropriate government, which, in turn, is required to lay it before each House of the Parliament.

1.2.9 Section 25 of the RTI Act

Section 25 of the RTI Act encompasses various clauses related to the preparation of the Annual Report and the submission of information by Public Authorities (PAs) to the Commission. These clauses prescribe the contents of the Annual Report and empower the Commission to make recommendations to PAs to ensure their practices align with the provisions and spirit of the RTI Act.

As per **Section 25(3),** each report shall state in respect of the year to which the report relates,

(a) the number of requests made to each PA;

(b) the number of decisions where applicants were not entitled to check the documents pursuant to the requests, the provisions of this Act under which these decisions were made and the number of times such provisions were invoked;

(c) the number of appeals referred to the Central Information Commission or State Information Commission, as the case may be, for review, the nature of the appeals and the outcome of the appeals;

(d) particulars of any disciplinary action taken against any officer in respect of the administration of this Act;

(e) the amount of charges collected by each PA under this Act;

(f) any facts which indicate an effort by the PAs to administer and implement the spirit and intention of this Act;

(g) Recommendations for reform, including recommendations in respect of the particular public authorities, for the development, improvement, modernization, reform or amendment to this Act or other legislation or common law or any other matter relevant for operationalizing the right to access information.

Further, as per ***Section 25(5),*** *if it appears to the Central Information Commission that the practice of a public authority in relation to the exercise of its functions under this Act does not conform with the provisions or spirit of this Act, it may give to the authority a recommendation specifying the steps which ought in its opinion to be taken for promoting such conformity.*

The Annual Report of the Commission is based on the inputs received from the PAs on the implementation of the RTI Act.

Chapter 2

Analysis of RTI Regime: Implementation of the RTI Act by Public Authorities during the Reporting Year i.e. 2023-24

2.1 Institutional Arrangements

2. 1.1 In order to fulfill its mandate of preparation and forwarding of the Annual Report to appropriate government, the Central Information Commission invites filling of quarterly return through online mode from all PAs in a prescribed proforma in accordance with **Section 25(3)** of the RTI Act. All PAs, as defined under **Section 2(h)** of the RTI Act, are required to be registered with the Commission for this purpose.

2.1.2 Registration of Public Authorities

All entities likely to qualify as Public Authorities (PAs) are to be registered with the Central Information Commission (CIC) by the concerned Ministries/ Departments. However, it is possible that some entities have yet to be registered as PAs. Whenever any information/complaint of this nature is received, the CIC, after hearing can give directions to concerned Ministry/Department to register such entities as a PA on the CIC Portal. Additionally, the CIC proactively directs all concerned Ministries/Departments to follow a uniform pattern while registering such PAs. Notably, the rights for inclusion, merger, bifurcation, and deletion of any PA rest with the controlling Ministries/Departments, which will take suitable actions if needed.

2.1.3 Submission of Annual Return

Every PA is required to submit four quarterly returns for assessment of its performance during a year. PAs, which fail to submit their return even for a single quarter, is treated as defaulter for this purpose. In the Annual Report, performance of only such PAs are analyzed which have submitted quarterly return for all the four quarters. Notably, all PAs have submitted their Annual Return during the reporting year.

2.2 Trends in registration of Public Authority (PAs) and submission of Annual Return i.e. all four Quarterly Returns

Table 2.1 gives the trend of registration of PAs since 2006-07. The number of registered PAs may change for various reasons viz. creation/identification/ deletion of PAs/directions of the Commission or various Courts etc.

Figure 2.1 illustrates the trends in Annual Return filings by Public Authorities over the past ten years, highlighting their efforts to meet statutory obligations.

3.2 Disposal of Appeals/Complaints filed with the Central Information Commission - Automatic Generation of Data

3.2.1 To facilitate reporting of pendency and disposal figures on real time basis, the workflow system is in place and some modification, if any, are done as per requirement. This has resulted in automatic generation of opening balances

of pending cases. This includes figures on registration, disposal and closing balance of cases at the end of a particular reference period. The system now generates expandable hyperlink for details of the cases in all four categories i.e. opening balance, registration, disposal and closing balance. Particulars of file number, name of appellant/complainant, PA, date of registration, date of hearing and the date of disposal are shown against each of the above categories. The details mentioned above can also be now seen against each Information Commissioner, unlike earlier manual arrangements which provided details in respect of the CIC as a whole. The process has resulted in generating the reporting figures on real time basis. The details can be seen at official website of CIC i.e. www.cic.gov.in.

3.2.2 Registration/Disposal

The database regarding registration/disposal of the cases during the reporting year in the CIC is as follows:

Number of Second Appeals/Complaints Registered during reporting year	20361
Number of Second Appeals/Complaints disposed during reporting year	16790
Number of Second Appeals/Complaints pending for disposal as on 1st April 2024	23078

3.3 Imposition and Realization of Penalty by CIC during the Reporting Year

3.5 Initiatives by Central Information Commission

3.5.1 e-Court and Video Conferencing

The e-Court and video conferencing facility were established by the Commission in 2016. After appeal/complaint in e-book form reaches the Information Commissioner(s), the case is scheduled for hearing through the software. When the hearing is scheduled, the system generates SMS/e-mail alert to the applicant, besides generating physical notice of hearing. Subsequently, the system generates SMS as well as e-mail alerts for the applicant at the stage of uploading of decision on the CIC's website. Decisions are also sent in the physical form to the applicants and CPIOs.

CIC offers the facility of hearing through Video Conferencing in National Informatics Centre (NIC) studio at almost all district headquarters in the country. This enables applicants and concerned officer(s) of PAs across the country to attend the hearings at the NIC studio in a nearby district headquarters, instead of coming to the Commission.

The aforesaid facilities have been maintained in the Commission and running smoothly.

With setting up of own studio of CIC, the number and quality of Video Conferences have improved. During the reporting year, 5042 Video Conference sessions were conducted by CIC.

3.5.2 Transparency Audit

In the year 2023-24, 1302 PAs have communicated their Audit Report of proactive disclosure to Central Information Commission through software.

It is found that out of 1302 PAs, 399 PAs got Grade A, 234 PAs got Grade B, 277 PAs got Grade C, 155 PAs got grade D and 237 PAs got Grade E. The Central Information Commission has also given advice/recommendations through software to concerned PAs on Audit Report. For detailed status report please refer **Annexure-4.**
